DETAILED ACTION

1. The Examiner has carefully considered Applicant's amendment and accompanying remarks filed September 27, 2002. The claim objections have been overcome. Furthermore, the double patenting rejections in view of US 5,582,266 and 5,673,769 are overcome.

Double Patenting

2. Claims 1-12 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-9 of U.S. Patent No. 5,848,665. Although the conflicting claims are not identical, they are not patentably distinct from each other because Applicant's claims are drawn to a net system, whereas the patented claims are drawn to a safety net.

3. Claims 1-12 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 7-9 of U.S. Patent No. 6,076,448. Although the conflicting claims are not identical, they are not patentably distinct from each other because Applicant's claims are drawn to a net system, whereas the patented claims are drawn to a system for creating a slidable barrier.

Response to Arguments

4. Applicant's arguments filed September 27, 2002, have been fully considered but they are not persuasive for the reasons set forth. Applicant requests clarification with regard to the double patenting rejections. The original double patenting rejections made in Paper #7 in view of US 5,582,266 and 5,673,769 are overcome. As a result, the double patenting rejections in view of US 5,848,665 and 6,076,448 are maintained and a terminal disclaimer is necessary to overcome these rejections..

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
